PROFESSIONAL SUMMARY

Detail-oriented front-end developer with 3 years of experience building responsive, scalable web applications using React.js, Next.js, AEM and TypeScript. Specialized in building dynamic web applications, optimizing multilingual, accessible user interfaces. Proven ability to lead teams, collaborate cross-functionally, and drive high-quality, maintainable code in agile environments.

EDUCATION

Bachelor of Technology in Computer Science and Technology   **Jul'2018 – Jun'2022**

Indian Institute of Engineering Science and Technology; **CGPA**: 7.8

PROFESSIONAL EXPERIENCE

Capgemini   **Sep'2022 – Present**

Senior Software Engineer

- Developed and maintained enterprise-grade front-end solutions using React.js, TypeScript, Java, and AEM.
- Led a team of 8 junior developers, driving code quality through reviews, mentoring, and deployment best practices.
- Automated CI/CD pipelines, improving deployment efficiency and release stability.
- Partnered with designers, backend developers, QA, and product stakeholders to ensure alignment and timely delivery of high-quality features.

Key Projects:

- **SAB Public Website**:
  - Developed from scratch a bilingual (Arabic and English) responsive application using AEM and React.js.
  - Built complex AEM components and integrated them with React, ensuring seamless content authoring and localization.
  - Enhanced accessibility and global reach through multilingual support and responsive design.
- **API HUB Marketplace**:
  - Led front-end development and planning for a developer-focused portal using React.js, Typescript and AWS for deployment.
  - Delivered a performant, scalable application with successful production deployment.
- **Pension Funds**
  - Built reusable front-end components and integrated backend APIs using React.js and Redux.
  - Focused on maintainability, performance, and accessibility for the multilingual application.

PROJECTS

CorecapMaths↗ | Next.js, Redux, Spring Boot, PostgreSQL, AWS, Git   **Mar'2025 - Present**

- Designed and deployed an EdTech platform with features like course management, interactive notes, and progress tracking. Implemented secure authentication, payment gateway integration, and an admin dashboard for content and user management.

Teetoise↗ | React.js, Redux, Node.js, PostgreSQL, AWS, Git   **Aug'2024 – Dec'2024**

- Co-founded a socially driven clothing brand and built a scalable e-commerce platform with secure checkout, order tracking, and third-party integrations. Led technical operations, user testing, and continuous improvements; 25% of profits support girl child education in India.

TECHNICAL SKILLS

- **Languages**: JavaScript (ES6+), TypeScript, Java, HTML5, CSS3/SCSS.
- **Frameworks & Libraries**: React.js, Redux, Next.js, Spring Boot.
- **Tools & Practices**: Git, AWS, Jira, NPM/Yarn, CI/CD, Agile/Scrum.
